SUMMIT NEWSSTAND **25**

AT THE HEART OF IT 31

COVER PHOTO: 4Life Chief Executive Officer **David Lisonbee** is ready to re: commit in 2007. Are you?

The starting gate is waiting

"Keep your business evolving and progressing, and you will live your dreams."

Happy New Year! There's nothing more refreshing than the beginning of a new year. A new year means you get to restart, recommit, and recharge but with the enefits of past experience, and of dreams already in place. In many ways, it's like being back in the starting gate, but with a bit of a head start

Over the course of a year, any number of things can come up that drain your motivation or swing your attention away from your dreams and your 4Life® business. Taking time to revisit your goals, reevaluate the direction of your business, and reconnect with your group can fuel your ability to move forward and experience success.

The year 2007 is already set to be another record year for 4Life. Sales and recruiting are at all-time highs, people around the world are becoming more familiar with the benefits of 4Life Transfer Factor®, and our opportunity to serve others has increased through our Foundation 4Life™. We also have an international convention to look forward to in September. I can guarantee

that this will be an event not to be missed! Whether you are a new distributor or a long-time 4Life family member, convention always offers an unprecedented opportunity to learn, unite with friends, and be inspired.

I hope you take advantage of this ideal time to recommit yourself to things that are important to you. Revitalize your vision and passion. Empower your mindset and identify new solutions to your greatest business challenges. Keep your business evolving and progressing, and you will live your dreams.

The starting gate has been reset. It's up to you to come out stronger, smarter, and more determined than ever...and I'll be rooting for you at every stride.

Wishing you all the best,

Stur Terr

FIIN FACTS

- Married his sweetheart from the 4th grade.
- Loves to mix sugar cookies and Diet Mountain Dew.
- \bullet Lived in Germany growing up.

DEDICATED TO YOUR SERVICE

PREMIER SALES SPECIALIST SAMANTHA AGUERO

DID YOU KNOW SAMANTHA:

Loves to read non-fiction literature and art books

Has two favorite movies: "Shrek" and "The Bodyguard"

Volunteers with Foundation 4Life

Doesn't like vegetables

Dreams of finishing school, getting married, and starting a family Remember those cool kids who were always good at sports and rode their bikes down the road with no hands? Well, Samantha Aguero was one of those kids. Born and raised in Coahuila, Mexico, Samantha grew up taking gymnastic classes and running track ... all this and, yes, she's genuinely kind, smart, and a knockout.

Samantha brought her cool-factor and extraordinary people-skills to 4Life® in October 2004. She has worked in both the Distributor Services Spanish and Administration departments, but currently she helps 4Life's highest-ranking distributors manage their businesses in the Premier Services Department. "I enjoy this job because of the enthusiasm distributors pass on to me," she expresses.

Samantha completed two years of university education in Mexico and is now working to achieve a degree in business from Salt Lake Community College. She has four older brothers, and a dozen nieces and nephews, all of whom live in Utah and all of whom she enjoys spending time with. Family is important to Samantha, and she says without a doubt, her biggest hero is her mom. "She is the strongest, most virtuous, and faithful woman I've ever met."

We're glad Samantha is one of the "cool kids" at 4Life!

Transfer Factoids

- → People around the world wet their whistles with **360,000** ounces of RioVida[™].
- → **120,000** 4Life Transfer Factor® Chewables are chowed down around the globe.
- → **89,400** 4Life Transfer Factor Kids supplements are gobbled up in the U.S.

are you committed to

4Life Transfer Factor?

HOW COMMITTED ARE YOU TO GOOD HEALTH? Do you take your 4Life Transfer Factor® products only "sometimes," or have you really discovered what it means to lead a 4Life Transfer Factor life—relishing your health, having the zip to outrun your kids, and appreciating the finer things in life? No matter where you're at, now is the perfect time to increase your dedication. Recommit to making your health a top priority, and to telling others about the good life you've discovered with the immune support of 4Life Transfer Factor. These 4Life® folks did just that—and their lives have never been the same!

"When I think of 4Life, the first thing that comes to mind is my health. Since taking 4Life Transfer Factor products, my health has been supported so well that it's opened up new possibilities for me, including the chance to supplement our income with the 4Life Opportunity. My dream is to bring in the income we need and still have time to spend with my children. I believe that dream will soon be a reality."

-KAREN S.4Life Distributor Oregon

"Recently, my work duties were changed. In addition to my normal work, I began doing intense reading every day. I wanted to support my ability to concentrate and understand all of the material. I started taking 4Life Transfer Factor ReCall® and it's been great! I really feel like it's supported my brain's ability to focus on the work. Thanks, 4Life! I'm telling everyone about this product!"

-JESUS COLON 0.4Life Distributor
Puerto Rico

"One morning, my daughter saw me drinking 4Life
Transfer Factor RioVida" and became curious. She was looking for a way to balance her immune system and asked me if any 4Life
Products might help. I gave her a bottle of RioVida. She began drinking it every day and was thrilled at the support it provided. I wholeheartedly recommend 4Life Products to everyone!"

-HORST G.4Life Distributor
Austria

"For more than 15 years I've struggled to find ways to support my breast health. I found what I was looking for with 4Life Transfer Factor Belle Vie™. I also use 4Life Transfer Factor énummi™ to support healthy, smooth skin all over my body. I'm happy to tell my family, friends, and acquaintances about these products. Thank you, 4Life!"

-MARIA DEL ROSARIO S.
4Life Customer
Puerto Rico

"A year ago, I was searching for a product that would support my cardiovascular system. I began taking 4Life Transfer Factor Plus®Advanced Formula and 4Life Transfer Factor Cardio™ almost one year ago. The results have been great. I really love and trust 4Life Products; they're excellent. Thank you!"

NEW INTERNATIONAL DIAMONDS

International Diamond advancements listed are for the volume month of October 2006

FELIX RAUL ORTIZ SPONSOR: Ivan Emanuelli VIRGIN ISLANDS

Two years ago, after working for a period of eight years as a salesman, I was fired from my job. I began doing odd jobs and selling food to earn an income. Needless to say, I was desperate for an opportunity. Fortunately, Carmelo Rodriguez approached me with a business opportunity. He said that with this opportunity I could become financially independent. I immediately signed the 4Life Distributor Agreement, without giving Carmelo the chance to even show me the plan.

Today, thanks to the 4Life opportunity, I have achieved the position of International Diamond and tripled the salary I earned previously. I'm also proud that through this business I've been able to inspire other people to go after their dreams and get out of the "J.O.B." cycle. I am forever grateful to Esdras Cabrera, Juan Rosado, and many others who have helped to transform me into what I am today, a network marketing professional and a builder of dreams. Now more than ever, I remain totally committed to helping others help themselves. I must also thank David and Bianca Lisonbee for establishing and sharing with the world the most awesome opportunity under the sun—4Life Research.

HIROYO KUNITOMO SPONSOR: Thank All JAPAN

My dream is to first obtain freedom for myself-my time. finances, and health-with my 4Life® Business, and then serve others through volunteer activities around the world. In this way, I would like to dedicate myself to society. In order to be able to do that, I think it is important for me to attain freedom for myself, and then help others less fortunate. I am certain there is no job out there, other than the 4Life Opportunity, which takes such good care of people and builds great relationships with others. It's exciting to achieve the rank of International Diamond, but I wouldn't have been able to do it without the efforts of my group members, and I am very grateful for them. I hope that by seeing me reach this rank and accomplish my dreams, other distributors will have confidence and courage to accomplish their own goals. It's up to you to take the first step towards your dreams. I will take the first step towards my next goal today.

JOSE GOMEZ
SPONSOR:
Ivan Rodriguez
PUERTO RICO

After working for more than 15 years in my furniture business, I decided to find an alternative that would let me truly be free. That's when I became involved in network marketing. When Ivan Rodriguez spoke to me about 4Life® and the International Networkers Team, I knew this was the right company for me. I have had the opportunity of impacting many lives with 4Life, and today I feel proud and satisfied for helping them achieve their dreams. Together we have reached many great accomplishments. I want to thank many people for the help and support that they have provided, including Ivan Rodriguez and Luis Gonzales and all of the members of the International Networkers Team. I also want to thank Diony Recio and her organization in the Dominican Republic. Thank you to David Rivera and his team of workers who share this business with me. Most of all, I thank my wife, Maria TeresaRosa, and my children, Jinna, Joan, Joel, and Elvin. You have been my inspiration for making my dreams come true with 4Life. I thank God and I thank 41 ife!

JUAN R. JIMENEZ TORRES SPONSOR: Juan Vargas Boneo PUERTO RICO

In 2004, we began to develop our 4Life Business without any prior network marketing experience. We made a lot of mistakes in the process, but our desire to make our dreams come true and get out of our mediocre life circumstances. helped us overcome the obstacles along the way. We asked God to give us the wisdom so that we could achieve different ranks in the company. We reached the rank of Diamond within our first month in the company. After five months, we reached Presidential Diamond. But getting to International Diamond took a lot more time than the earlier ranks. We realized that in order to reach it, we would need to develop ourselves more as people. That's when we began to educate ourselves in all areas of leadership and interpersonal relationships. We discovered that this business is about serving others in the best way possible. We feel so happy that we have made it to International. Our happiness doesn't stem from merely reaching this rank, but rather that today we are different people because of 4Life. We thank God because without Him we could have never done it. Remember that success is not a destination; it is a road that you travel.

JUNJI KIDANI SPONSOR: Yukiko Kamaguchi JAPAN

It is easy to just talk about being a family with my 4Life Distributors, but I would like to build true 4Life family ties with other distributors that last for years to come. My goal is to become someone that people look at and say, "Since Kidani is doing it, I should do it, too." I have many mentors, including my group members both downline and upline, who have taught me many things along the way. I have changed a lot through my experiences with 4Life. I have had some hardships, but I have learned to be thankful for the things other people do for me. Can you name any other job that strengthens relationships with others and helps you grow as a person? Let's become successful together!

KEIKO HIRATASPONSOR: Kiyomi
Takata & Mayumi Kishi
JAPAN

When my group members reach success, then I become successful myself. I always want to do things that help other people be happy. I have always believed I could be a mentor to others in their own ALife journeys. It's important to take care of my own needs, but I also want to help provide for other people's happiness. I believe that will eventually lead to my own happiness. I have found my purpose in life with 4Life, with the great products, stability, and our wonderful Japan General Manager, Souji Miyawaki. I would like to build my organization to become a great example for others within the 4Life family. If you gain financial freedom, you also gain great knowledge. I am going to pass on 4Life's *Together*, *Building People* philosophy and make every effort to be successful in my life.

LUISA N.
MALDONADO
SPONSOR: Dionny Recio
DOMINICAN REPUBLIC

I was driven to the network marketing industry because my heart's desire was to help people achieve their dreams and enjoy more prosperous lives. I have now achieved the rank of International Diamond even faster than I planned. My life has now completely changed. The lives of my family have changed and the lives of everyone on my team have substantially improved physically, emotionally, and financially.

With the 4Life Opportunity, I know that people everywhere can achieve whatever they want, if they set their minds to it. I am achieving my goals with the education system provided by the International Networkers Team—it's the training technique I recommend to every new distributor.

I encourage other distributors working to achieve a new rank to believe in themselves, believe in this wonderful company, be persistent, and persevere!

MARIS DREIMANIS SPONSOR: Yachnaya Tatiana I ATVIA

I was introduced to 4Life in the summer of 2004. I had 10 years MLM experience-years that weren't always a positive experience-but, after a closer look at the 4Life compensation plan and product description, I thought, "If MLM can be like this, perhaps I can change my perspective." I purchased a plane ticket and flew to Utah to meet some people at the 4Life Home Office. It was very important for me to understand who I would be working for, to look those people in the eye and feel comfortable about my decision. Needless to say, I was completely satisfied... today I'm happy and confident, and I'm very pleased with the results of my 4Life journey so far. But the best part about my 4Life Business is that I can help others with health, as well as be financially independent. 4Life is an unbelievable opportunity, and I'm sharing it with everybody!

NEW INTERNATIONAL DIAMONDS

International Diamond advancements listed are for the volume month of October 2006

NORMA GONZALEZ SPONSOR: Carlos A. Colon Quiñonez FLORIDA

I joined 4Life with no experience in network marketing—I started because I was interested in 4Life Transfer Factor. In addition to working in real estate (which I only do part time now!), I recently opened a 4Life LP Center with Presidential Diamonds Tito Camacho and Fernando Valencia in Doral, Miami. The foundation of my 4Life Business is founded upon the values of honesty and service.

I believe that being a leader means to serve, lead, and support everyone equally, with no exceptions. When I talk with potential prospects I tell them that nothing good can come easily, but if they set their minds to it, they will achieve everything they want. The key ingredients they need are desire and a dream. People can receive support from 4Life's incredible tools, including the DVD's, CD's, product catalog, brochures, and the Internet.

I will continue to be motivated by helping other people and seeing how lives can be changed with the 4Life Opportunity. I am rewarded by helping others achieve their dreams.

MUKADAS MATRUZIEVA SPONSOR: Valentina Li KAZAKHSTAN

Mukadas joined 4Life in February 2006-- by October she achieved the rank of International Diamond. As a professional actress and producer, Mukadas adds a creative touch to everything she achieves, including 4Life. This emotional encouragement is highly appreciated among the distributors of her organization.

Mukadas knows how to persuade people and she also possesses the qualities of independence and courage. She is capable of analyzing activities of different MLM companies, grasping all of the most progressive and forthright aspects. Her first commandment is "Make No Harm", and she gladly admits that when 4Life came to Kazakhstan she found terrific products. After making a fair capital, Mukadas plans to sponsor the two groups that she organized – a children dancing group and a vocal-dancing band.

"May the wind always blow into the back of this ship with one perfect captain and a solid crew!"

MS. FANG, SHIU-LAN SPONSOR: Hung, Da Wei TAIWAN

I have been very interested in alternative medicine for some time now. I managed a natural products company with friends for several years. One day, I had a customer share the 4Life Products and Life Rewards Plan™ with me. I was very excited, because I had always hoped that I could have great health, financial freedom, and a fantastic lifestyle, all at the same time. I believed 4Life would be able to help me to fulfill these dreams. Therefore, I decided to give up the company I managed, and I spared no effort in building a successful 4Life Business. 4Life gives me not only financial freedom but also great confidence in myself.

PORFIRIO RIOS BERRIOS SPONSOR: Rey Jr. Estades PUERTO RICO

"For many years I dedicated myself to the sport of bodybuilding, during which time I built my own business. I worked for nearly a decade understanding that I could make my dreams come true through hard work, however, I realized that I had become a slave to my own business. That was until two angels came into my life: Junito King and his wife, Miriam who presented a financial freedom opportunity to me through 4Life.

I want to thank God and the team of leaders that joined me because without them, my dreams could never have come true. Additionally, I am extremely grateful to Dr. Herminio Nevárez and his wife Yadira for having a vision and then sharing it so that we could make our dreams come true. Even more importantly, he has helped turn leaders into business owners through the International Networking Team. Remember, God decides what comes into our lives, but we decide what we choose to keep and what gets cast away. I wish you all the best of success.

SOL ENID SANTIAGO SANTIAGO SPONSOR: Victor Colon Batista PUERTO RICO

Before I learned about 4Life®, I was a social worker. My husband was a mailman who worked 40 hours a week for 40 years, only to end up with nothing. We missed out on many of our daughter's best moments because we had to leave her at daycare every day. We continued to survive, even though we were drowning in debt. That's when God placed Victor Colón in our path, the person who shared 4Life with us. This opportunity has transformed our lives and those of our loved ones. Thanks to the International Networkers Team, our upline, and our

brother International Diamond Juan Vargas, our dreams are coming true. I was able to quit my job on July 14, 2006. Now I am a full-time mother, business owner, and frequent traveler, and I am able to enjoy time with my family. It's really satisfying to be part of the success of others. One of our dreams is to help people on an international level, those who are hoping for an opportunity just like we were. Don't let anything stop you. If you sincerely believe and go after your dreams with enthusiasm, you will be able to attain them.

TO: 4LIFE® DISTRIBUTOR FROM: YOURSELF

RE: COMMIT

The holiday season is over, taking with it the brightly wrapped packages, tinkling bells, bundles of good cheer, and hot cocoa sipped by the fire. Now you're left with mountains of greetings cards to go through, bills to pay, and oh yes, New Year's resolutions. Should you partake? Does it matter? Will you get any of the things on your list actually accomplished?

Shake off those post-holiday blues! It's a brand new year— a fresh start, a clean slate, a chance to reflect and move forward with renewed determination. It's a perfect time to do a little thinking, changing, and maybe even a little growing!

The best part about the New Year is that it's *new*. You've got twelve months of opportunities to take your business further; 365 days of making good health your number-one priority; and 52 weeks of meetings, where you can dazzle new prospects with the 4Life way of life.

Just like the Re: on your e-mail means "reply," the New Year is a perfect time to take a second look at your commitment level. Are you where you want to be? No matter your rank or monthly check totals, everyone can benefit from more commitment. It's time to re: dedicate to your dreams, re: align your priorities, and RE: ENERGIZE your business. It's time to **RE: COMMIT!**

Close your eyes for a second and think back to when you signed up as a 4Life® Distributor. What was your driving motivation? What were the dreams you set out to accomplish? Simply, what's your "why" for doing this? Is it the chance to take moonlit walks on the beach with your spouse? Is it the opportunity to have more than enough money in your bank account at the end of the month? Or, is it more time in the day to jump rope with your daughter, visit with loved ones, and enjoy the fruits of your labors? When you're knee deep in the day-to-day of building a 4Life Business, it can sometimes be challenging to keep perspective and focus. Take the time now to get back to your "why." Maybe you need to crack open your copy of the Leader In You booklet and fill out your dream worksheet again. Whether it's a picture on your desk or a letter to yourself posted on the fridge, keep your "why" close by. And whenever you need a pick-me-up, you'll have what you need to re: dedicate all over again. **RE: ALIGN** The course to success is never a perfectly straight line. Life throws us our fair share of hiccups, disappointments, struggles, and tragedies. But no matter what curve ball life sends your way, it doesn't have to be the end of the world... and it certainly doesn't have to be the end of your path to your dreams. What's in order? A little bit of RE: ALIGNMENT. What you choose to re: align depends on you, your personality, current life situation, and goals for the new year. 4Life. RE: DEDICATE dlife. RE: ALIGN dife RE: ENERGIZE SUMMIT |15

A few ideas:

- RE: ALIGN your course. Is your current route taking you towards your dreams or away from them? Do you sometimes feel like you're going in circles, doing seemingly worthwhile tasks that don't seem to get you anywhere? Take a quick check of your 4Life® map, referring back to your "why" and the charts you filled out in your Leader In You booklet. Make sure your course lines up with where you want to be at the end of 2007, and you're on your way again.
- RE: ALIGN your focus. No one would ever doubt Gold International Diamond Teri Shuler's commitment to 4Life. But a few years ago, Teri thought she needed to be a product master to be a great distributor. When she chose to re: align her focus—zeroing in on helping people achieve their dreams through the 4Life Products and Opportunity—her organization took off and she achieved unimaginable success. Take stock of your business focus. If your pendulum swings more to product focus or opportunity focus, perhaps it's time to re: align for a Together, Building People focus. You'll never find a better phrase that encompasses everything about 4Life.

• RE: ALIGN your priorities. Just as important as re: dedicating to your dreams, it's critical that you keep your priorities in check. What's more important to you? The amount of your monthly Power Pool check, or what it signifies—the people whose lives you touched? Is it about increasing numbers in your downline organization, or finding the right people to complement your growing group of caring and passionate team members? When you re: align your priorities on people, and not money or numbers, you'll find the course to success much smoother than before.

RE: ENERGIZE

A burst of physical energy in the middle of the workday can give you the pep to enroll one more distributor, or get your presentation notes perfect before the big 4Life meeting. Taking time to pump up your business energy can also go a long way. If you've been "doing just fine" and "getting by" on a few 4Life meetings every few months and a conference call here and there, how much more success would you find if you exerted just a little more effort? Re: energize by attending a 4Life meeting every week and bringing a new prospect. Re: energize your distributor group by organizing a local get-together or e-mail newsletter. Small energy boosts can reap big results in motivation, commitment, and overall team success.

Many distributors agree that big energy boosts come from attending a 4Life event, such as a corporate-sponsored meeting, convention, or Leader In You Academy. When 4Life Distributor Kim Exeter atended a recent Academy, she experienced the thrill of being in a room full of people who were all dedicated to the same things: enriching lives and being of service to others. That type of energy boost can sustain you for months to come.

RE: COMMIT TO YOURSELF

No need to have a long list of resolutions this New Year. When you pledge to re: commit, it covers everything that's truly important. You're once again dedicated to your dreams, the real "why" you're with 4Life in the first place. You've got your course set out in front of you, with tools in place no matter what life deals you. And you've infused your life with new ideas, new ways of doing things, and most importantly, plenty of people who are just as committed as you are.

Re: commit to your business, making the choice to give it everything you've got.

Re: commit to 4Life and all of the hopes and dreams that you can accomplish here, both for yourself and others.

Re: commit to yourself in 2007.

LET'S TRY

Every month between the 8th and the 12th start checking the Business Center homepage at 4life.com for the **iBuy** icon. And keep checking. When you see the **iBuy** icon, that's your cue to get in on a phenomenal product special with pricing so astounding, we almost can't justify it. (Almost.)

The **iBuy** is only good for 24 hours, so there's no time to dawdle. And what will the products be? We don't want to spoil the surprise; with a few simple clicks, you can see for yourself. (Isn't this fun?)

4LIFE® THEORY OF CVOLUTION

do more. be more. evolve.

IN THE WORLD OF SCIENCE, YOU DON'T JUST CONJURE A THEORY FROM THIN AIR ONE DAY, AND SHAZAM, GET IT PUBLISHED IN A MEDICAL JOURNAL THE NEXT DAY. BEFORE YOUR SCIENTIFIC BRILLIANCE EVER SEES THE LIGHT OF DAY, YOU WILL DISCUSS IT ENDLESSLY WITH NUMEROUS COLLEAGUES... YOU'LL SPEND WHAT SEEMS LIKE HALF YOUR LIFE IN THE LIBRARY... YOU'LL SPEND WHAT SEEMS LIKE THE OTHER HALF OF YOUR LIFE IN THE LAB... YOU GET THE GIST.

In the world of 4Life business building, we too, appreciate the value of methodical thought, calculations, research, and testing—and in that spirit, we offer the 4Life Theory of Evolution. Our theory has one very important aspect: It's time-tested. Its principles have been proven over and over again, by thousands of 4Life Distributors just like you.

The 4Life Theory of Evolution is about change, growth, and becoming more than you were yesterday. It's not about abandoning where you've been... it's about embracing your past and using those experiences to give you knowledge for the future. Before you begin, first take a moment to decide: Where will your 4Life evolutionary journey take you in 2007?

- · Full-time distributor status
- Great Escape trip winner (to fabulous Cancun)
- · Public speaking guru
- Regular meeting attendee/host
- · Savvy 4Life leader

We've provided some evolutionary insight; read through the rules of our theory, decide how they best fit with your individual goals...and then let the transformation begin!

Principle 1: Build on past experiences

Where would modern-day science be without pioneers such as Galileo Galilei, Thomas Edison, Albert Einstein, Marie Curie, and Charles Darwin? Thousands of years of study, application, and plain old toil and sweat are the foundation for potential greatness. In your own life and business, it's your past experiences which reap your future successes. So often, we think that yesterday is where our mistakes are found, and we want to "break with the past" and "move on." Bottom line: Without your past, you wouldn't be the person you are today. So, dig deep into your history, both before 4Life and your early days with the company. Your past experiences help you grow, give you drive to succeed, and provide you with the tools and know-how to reach a higher evolutionary plane.

Principle 2: Don't fix what isn't broken

When you're trying to move onward and upward, it can be tempting to scrap all of the old and start fresh. But don't! Analyzing your methods and redirecting your efforts is perfectly okay; however, if a particular prospecting method is working really well, don't change things just for the sake of changing. Remember, it's not about revolution—it's about evolution. You don't always need a complete transformation to bring about real and lasting growth. Examine always... adjust if necessary.

"The connection was made in 1876."

Principle 3: Evolution takes time (and work)

Evolution is a gradual process. In the natural world, it can take millions of years. In the 4Life world...well, let's hope it's shorter than that! Your evolution—into a full-time distributor, a confident public speaker, or a fantastic 4Life leader—will take time. It won't happen overnight, so it's important to get excited about the steps you make, no matter how small they may seem. You can even track your evolutionary progress by using the handy goal charts in the *Leader In You* booklet. Map out what you'll accomplish each week, and don't forget to cheer when you accomplish your objective.

If you get frustrated that your evolution to 4Life greatness isn't going according to plan, think back to where you've come from. Remember how nervous you were at your first 4Life meeting? What about when you made your first three-way conference call on your own? Greatness doesn't happen in an instant—but if you are continually fueled by your dreams and forging ahead with your plan (following the *Leader In You* system, participating in the Power Pool, attending weekly 4Life meetings) you will most certainly see progress.

Principle 4: Control your evolutionary future

Resist thinking that someone else—your upline, downline, or anyone else—is in charge of your evolutionary future. Believe it or not, science is not always... well, an exact science. And

life won't always go exactly according to plan. But the one element that can remain constant in your personal evolution is your attitude—how you react to circumstances, how you decide to recommit yourself, how you will regroup if things seem to be on the downswing. Your attitude can say a lot about you, for better or worse. So what, exactly, do you want your attitude to say? That 4Life is a vital part of who you are. That you desire to get the most out of what 4Life has to offer, this year and for many years to come.

In 2007, take stock of where you've been and commit to go farther than you've ever gone in order to become something better.

Do more. Be more. Evolve.

CORPORATE 411

YOU WON'T BELIEVE WHAT'S COMING

It's something that will propel your 4Life Business into a phase of quantum growth. It will wildly increase your prospecting, training, and retention. It will convert your leads into new distributors... your new distributors into sponsors... your sponsors into business builders... and elevate your 4Life Business to the highest ranks.

What is "it?" You will know soon.

THE RESULTS ARE IN: SERVICE WINS!

The 4Life Home Office annual Holiday Charity Drive was declared an overwhelming success, with more than \$5,000 in cash and 2,000 pounds of winter clothing donated to the Salvation Army, which assists people in need during the holiday season and beyond.

In years past, the charity drive has enjoyed great employee participation, but some competition between departments this year got everyone into the spirit of giving. Calling it the "Biggest Loser" challenge, employees made donations throughout the week of November 13-17, competing to make their department team the winner of the contest. Teams got creative, with an auction, breakfast buffet, and lunchtime meal raising added funds for charity.

Executive Vice President Bruce Redd: "4Life employees came together this holiday season to support a truly worthy cause. It was heartening to see the sheer volume of clothes and money that were donated during the charity drive. I've always known that our employees are giving and caring individuals, and this service event just reinforced that. It was a great week!"

LOSE THE WAIT AT 4LIFE.COM

You're finally going to keep one of your New Year's resolutions. At 4life.com you've got everything you need, when you need it: ordering, enrolling, reports, meeting information, event registration... it's all there waiting for you, instead of the other way around.

----->What to do with all that free time? Maybe, just maybe, hit the treadmill.

for your business to go from **HO-HUM** to **SECOND-TO-NONE**.

for your group to reach higher ground **TOGETHER**.

to get WISE, to get CONNECTED, to get PUMPED.

SUMMIT NEWSSTAND

4LIFE CELEBRATES TWO YEARS IN MALAYSIA

4Life Research™ announced that its Malaysian market recently celebrated its two-year anniversary with a birthday celebration at the Sunway Convention Centre in Bandar Sunway, Petaling Jaya, Selangor, Malaysia.

Attracting more than 600 people, the theme was *Together, Building People* and featured dancing, speeches, prize drawings, rank recognition, and a vocal performance by Sheila Majid (one of the best-known celebrities in the Malaysian music industry). 4Life also launched a new product in Malaysia in honor of the celebration: 4Life Transfer Factor* Go Stix*, convenient powder packs offering the same great benefits of 4Life Transfer Factor Advanced Formula.

"It was wonderful to celebrate 4Life's second anniversary in Malaysia at this special event," commented 4Life President Steve Tew. "Everyone who attended was excited and passionate about the future of 4Life in their country. They are truly committed to 4Life's mission of *Together, Building People*."

LIVE THE DREAM 4Life Australia & New Zealand National Convention

On Saturday, March 3, 2007, 4Life Distributors will be inspired to "Live the Dream" at the Australia and New Zealand National Convention. The event will take place at the renowned Peppers Fairmont Resort, located west of Sydney in the World-Heritage listed Blue Mountains. A special ribbon-cutting ceremony will also take place the day before convention on Friday, March 2, to officially celebrate the opening

of Australia's new national headquarters in Norwest Business Park. 4Life President Steve Tew will be in attendance along with other company executives and distributor leaders from around the world.

Jason Norton, Vice President, International, encourages everyone to make plans for this awesome event: "We are very excited that so many of our top leaders from the United States are coming to support the Australia and New Zealand National Convention, including Dr. Robertson, Rob Robertson III, Dave Daughtrey, and Mike Akins. Those who attend convention will not be disappointed—it's guaranteed to be inspirational, educational, and fun!"

4LIFE PHILIPPINES CELEBRATES YEAR-END RECOGNITION

More than 200 4Life Distributors and guests wrapped up 2006 in style with a year-end recognition event, held Saturday, December 9. An elegant buffet dinner and a string quartet highlighted the evening along with songs performed by 4Life's very own Platinum International Diamond Jeff Altgilbers.

Also in attendance was Philippines General Manager Glenn Ortega, Regional Director of Southeast Asia and Taiwan Michael Seet, and Taiwan General Manager Pei Lynn Lee. All of the executives joined in giving away fun prizes throughout the evening in the categories of best dressed, highest personal LP purchase of the year, most enrolled distributors for the year, top qualifier for Power Pool, and the top 10 earners in the Philippine market during 2006.

Everyone enjoyed celebrating each other's tremendous achievements. "In the next recognition, I will be sure to be one of the award winners," remarked Jojo Mirasol, 4Life Distributor.

Fed up with snow flurries? Loathing the cold in your bones? Dying to be where you can find parrots in the trees, a comfy lounge chair, and a tiny umbrella in your glass?

4Life® winners have packed their swimsuits and are off to this year's fabulous destination, Cancun, Mexico. Just think: Five days of pampering at the CasaMagna Cancun Resort... a day at the ecological wonder, Xcaret... the golden sun, the endless sand, the balmy breezes... you can almost feel your toes defrosting, can't you? Just qualify for the Power Pool and you, too, can leave the wind chill (and the snow folks) behind and head for tropical hliss

To a mother of eight, Vacation sounds great!

KAREN SCHROEDER / DIAMOND / Oregon

A s a devoted wife and mother of eight children from ages two to 18, Karen Schroeder truly loved her life. But as the family grew, she began looking for ways to supplement her husband's teaching income. "When I was searching for an alternative, I heard about 4Life Transfer Factor®. With my background in biology and biochemistry, I was fascinated by the science of the product and thrilled with the support I received. It was a natural decision for me to sign up as a distributor."

Her enthusiasm about 4Life®, its products, and the prospect of financial freedom made Karen a passionate distributor, but it did take some training to get her business rolling. "For the past 21 years, I have been a full-time housewife and mother. The biggest challenge for me in building my 4Life Business has been to get out and become known in the business community. I started becoming active in local networking groups, and that got the ball rolling for me. I also keep in mind that building a downline is all about finding the right people. I know that I have to sort through a lot of people to find the right ones. When I talk to many people who aren't interested, I tell myself that this is just part of the process. I may have to sift through many 'no's' to find a 'yes,' but there always is a 'yes' just around the corner."

Karen's hard work, upbeat attitude, enthusiasm, and commitment to the Power Pool came to fruition when she recently won the Great Escape vacation to Puerto Vallarta, Mexico. When she arrived at the Casa Blanca hotel with her husband Lars, Karen says it really sunk in that they were in paradise. "I felt

so grateful to be there and I was full of anticipation about the trip. What a gift to be able to share that time with my husband. We are both so incredibly busy and we have to 'burn the candle at both ends' to do all we do. So it was a great luxury for us to be able to just relax by the pool, and sleep in as late as we wanted!"

With a degree in biology and work experience in biochemistry, Karen has devoted the past 20 years to raising her eight children with her husband Lars. Any spare time they happen to have is spent at meetings and activities for their local church in Salem, Oregon.

MEMORIES MAKE THE BEST SOUVENIRS

Even though Karen and Lars didn't buy any souvenirs for themselves while on the Great Escape vacation, they took home memories that will last the rest of their lives. Karen says, "it was a joy for me to watch my husband fulfill a life-long dream to swim with dolphins. A child at Disneyland" wouldn't have been as ecstatic as Lars was with those dolphins. And on the last night, we saw a sea turtle laying eggs right on the beach!"

highlights GREAT ESCAPE TRIP

NOVEMBER TRAVELERS

1. You go girls!

GE winner **Martha Ballesta** and **Sabrina Texidor** are gussied up and ready to hit the town.

2. The Quad Squad

Heidy Carpio, Gladys Ocasio, Luis Vega, and **Carlos Padilla**.

3. Tropical Bliss

David and **Nanette Nelson** strike a pose before heading off to dinner.

4. Keeping Up with the Jameses

Ingrid and **Brian James** look forward to some sun and fun in Mexico.

5. Lounging Around

Some of the Great Escape gang kick back in the hotel lobby... ah, paradise!

6. Greetings from PV!

A happy hello from **Pedro Quiroz** (left), **Kenia Rivera**, **Maria Luna** and **Jaime Luna**.

7. Pretty Women

Norma Gonzalez and **Marie Tavarez** enjoy the tropical evening breeze in Puerto Vallarta.

8. 4Life and lovin' it!

International Diamond **Carlos Padilla** (right) and **Maribel Perez**, lovin' life on the Great Escape.

9. All Smiles!

Carmen Medina Alvarez (right) flashes her pearly whites with **Julio Barroso Navedo**.

10. Float Your Boat!

Great Escapers are "all aboard" and ready for a sun-drenched day at Las Caletas.

11. Gettin' Cozy

Great Escapers **Angel Díaz** and **Marlene Ruíz** get close for a photo... and then the fun begins!

12. Lunas Spending Moola

Jaime and **Maria Luna** do some damage at one of Puerto Vallarta's open markets.

The Temple of Confucius.

The journey of a lifetime.

This year we've set a new precedent of luxury to honor Credendo Vides recipients and Platinum International Diamonds.

Seven days of extravagance

hosted by David and Bianca Lisonbee

in the most breathtaking places around the world will be yours to enjoy.

The first Grand Journey embarks May 19, 2007.

Rise to the top of 4Life,

And we'll reserve your spot in 2008.

The invitation has been cordially extended. We await your RSVP.

Goals "4Life"

It's resolution time again! Someone once told me she felt discouraged to see the same things on her list year in and year out. I, too, have had some of the same goals on my list year after year. For as long as I can remember, my long-term goals have revolved around being a better mother... and now, a better grandmother. (So far I think it's much easier to be the latter!)

But the fact that these remain on my list is not necessarily an indication of failure; rather, it's evidence that some goals are so worthwhile that it may take a lifetime of ongoing commitment—and recommitment—to reach them. I am grateful for the chance to rededicate myself every year, and for the people in my life who inspire me to keep moving forward with greater effort, striving for those things in life that are most important to me.

Our mission of *Together, Building People* is such an inspiring goal, I intend to keep it on my list for many years to come. This is a great time of year to think about how each of us

can be more effective in reaching our goal to enrich lives; how we can collectively recommit to diligently fulfill this mission. Whether it's holding meetings more consistently or more closely following the *Leader In You* system, each of us have the power to do things better... to surpass our past, so to speak.

I challenge you to put this goal on your list this year... and don't be discouraged if you had something similar on last year's list! Real progress is nothing less than a lifelong pursuit. After all, the goals we set are "4Life," and I have full confidence in your ability to achieve every last one.

Nothing like making coat angels to warm your heart on a winter afternoon...
